

Agenda Item: Discuss and Consider Approval to Purchase One Hundred Thirteen New Public Litter Receptacles for Coastal Zone Management/Nourished Beach from TOTER, LLC

Background:

Currently, the top of the Seawall has approximately 175 Public Litter Receptacles from 6th Street to 103rd Street. In CZM's ongoing efforts to beautify the Seawall, 106 new units were purchased last year to replace units that were in poor condition. CZM is wishing to procure new units to replace many the remaining units as well as placing additional units in areas that require receptacles due to needs and higher visitation, primarily Babe's Beach going west.

Staff Recommendation:

Utilizing the H-GAC Cooperative BuyBoard Contract #RC01-18, staff is recommending the purchase of 100 new Public Litter Receptacles, along with rigid liners and Park Board graphic for each for \$39,113.47 (freight included) from TOTER, LLC (TOTER is the same vendor for the units that were previously purchased). This was presented to the Finance and Operations Committee on November 19, 2019 and approved by a vote of 4-0.

Funding Source (if a budgetary item):

Nourished Beach 70-5720 (Trash Barrels)

Site: Coastal Zone Management
 Client: Galveston Park Board
 Project:Purchase 113 new litter receptacles
 Date: 11-6-19
