

**Agenda Item:** East End Lagoon Trash Receptacle Wrap

**Background:** GINTC purchased a bear-proof trash receptacle which was placed near the East End Lagoon trail head. The can was cosmetically damaged during the 2020 flood events that occurred during hurricane season. To cover the cosmetic damage, GINTC has designed and purchased a wrap which was installed March 30, 2021.

**Staff Recommendation:** N/A

**Funding Source (if applicable):** GINTC East End Lagoon account
