

Agenda Item: Discuss and Consider Approval To Purchase Two Yamaha Utility Side-by-Side Viking VI Vehicles

Background: Park Security needs two utility side-by-sides that are large enough to accommodate our security workers and their equipment. The utility side-by-sides will provide shade, can be maneuvered through dense crowds, and can transport lost children safely.

The line of credit with Moody Bank will be used to finance the purchase. The savings from the leased vehicles program will be enough to finance this purchase over the next two budget years.

Staff received three quotes, and Texas Yamaha Motorsports provided the lowest quote.

Staff Recommendation: Recommendation is to approve two utility side-by-sides for purchase through Texas Yamaha Motorsports.

Funding Source (if applicable): Revenue: line of credit BP-75-4050; expense BP-75-5252 – total purchase \$27,789.32
