

Agenda Item: Special Recognition – Ball High School (BHS) Hospitality Interns

Background: The Park Board hosted two interns from Ball High School’s Hospitality Program this school year, Emani Pines and Sky Denson.

During her senior year, Emani served as Vice President of the Ball High School Hospitality Club and designed and upcycled an exquisite collection of apparel. After graduation, Emani plans to start her own clothing line and pursue a degree that will strengthen her skills in managing and growing her business.

Sky served as President of Hospitality Club and Captain of the Debate Team during his senior year at Ball High School. Sky plans to obtain his real estate license over the summer and then pursue an undergraduate degree in real estate at the University of Nevada, Las Vegas.

The Park Board wants to thank Emani and Sky for their contributions to the CVB, Parks and Administration Departments as well as the Workforce Development Committee during the school year.
