

Agenda Item: Update and Discussion on Hospitality Podcasts

Background: The Workforce Development Committee is focused on providing information to students, parents, educators, and the community about jobs in the hospitality, culinary, tourism, and coastal fields to encourage enrollment in related programs at Ball High School, Galveston College, and Texas A&M Galveston. The goal of these efforts is to build a pipeline of qualified candidates for future employment in industry positions.

The idea of creating a Podcast to reach the committee's target audience and educate them on the various career opportunities in the ever-growing field of hospitality came forth during a meeting. The main idea behind this Podcast is to interview local professionals in the field of Hospitality to get their candid and unique insight on the field and their personal journey to success. This unique content will not only inform the next generation but also engage them to connect with the field of hospitality and find their passion.

The committee will collectively discuss their shared ideas regarding the creation of this podcast to establish an outlined plan.
